

NAKED CHILD

Words and Music by Lars Nolte and Patrick Scheibe

I want to change my body
I want to be tattoos
I hope you are afraid
and that the first can shoot me
The clothes, I wear leather
Their color this is black
I dont want that you love me
Your love would break my neck

I try to build a wall that protects myself
try to be the bad guy of the day
This wall is just to save my soul tonight
Behind the wall I am a little naked child

Earn money with your blood
Earn money with your ruin
I've more than 20 stitch made
I'm a freak and thats my gain
I'm scratching on the eightball
My life is Rock'n'Roll
Want to help you if I can
I'm looking for the hole

This child needs your love
This child needs your help
I need you
I love you
I'm naked
Please help me
Smash the wall
